

Foresight 50+ AARP Omnibus – National Poll on Healthy Aging Questions

July 2022

www.healthyagingpoll.org

Questions were answered by respondents age 50+.

Base: All respondents

NPHA1 [SP]: How many doses of the COVID vaccine have you gotten?

	Frequency	Weighted Proportion
1. 1 dose, but not the complete series	14	1.6%
2. 1 or 2 doses to complete the initial series	166	16.2%
3. 1 or 2 doses to complete the initial series + 1 booster	376	34.6%
4. 1 or 2 doses to complete the initial series + 2 boosters	309	30.4%
5. I have not gotten any COVID vaccines	152	17.3%

Base: If NPHA1 = 1–4

NPHA2 [SP]: If there is a recommendation to get another dose of COVID vaccine this fall, how likely are you to get it?

	Frequency	Weighted Proportion
1. Very likely	516	61.4%
2. Somewhat likely	178	21.2%
3. Not likely	169	17.4%

Base: All respondents

NPHA3 [SP]: How important are recommendations from your health care provider(s) on your decision to get COVID vaccines?

	Frequency	Weighted Proportion
1. Very important	472	46.9%
2. Somewhat important	323	30.2%
3. Not important	219	22.9%

Base: All respondents

NPHA4 [MP]: Have you ever taken a COVID test? *Please select all that apply.*

	Frequency	Weighted Proportion*
1. Yes, at-home test	469	44.2%
2. Yes, a PCR test (not at home)	581	57.2%
3. No [SP]	243	24.9%

*May sum to greater than 100%

Base: All respondents

NPHA5 [SP]: Have you ever had COVID?

	Frequency	Weighted Proportion
1. Yes, once	282	27.1%
2. Yes, more than once	65	5.7%
3. No	598	58.8%
4. Maybe	73	8.4%

Base: If NPHA5 = 1-2

NPHA6 [MP]: How did you know you had COVID? *Please select all that apply.*

	Frequency	Weighted Proportion*
1. PCR test	181	53.0%
2. Home test	152	43.0%
3. Symptoms, but no test	71	20.8%
4. Person in household had a positive test	44	14.3%

*May sum to greater than 100%

Base: All respondents

NPHA7 [SP]: How likely are you to get a flu vaccine for the upcoming flu season?

	Frequency	Weighted Proportion
1. Very likely	603	58.7%
2. Somewhat likely	107	9.7%
3. Not likely	309	31.6%
